May 26-27, 2016 Scandinavian Association for the Study of Pain, Reykjavik, Iceland

May 25, 2016 PhD course

## Annual meeting

The 2016 **Scandinavian Association for the Study of Pain** annual meeting will be held in **Reykjavík, Iceland, May 26-27<sup>th</sup>, 2016**. The main topics for this meeting are: Pain in the joints, pain and genetics, risk factors for chronic pain, and coping with pain. We aim to present both basic and clinical aspects of pain throughout the meeting.

Preliminary program –see below and [:/explorer/files/PrelimSASP2016.pdf](http://explorer/files/PrelimSASP2016.pdf)

## PhD course

A one day PhD course is offered in front of the meeting (May 25<sup>th</sup>, 2016). The course consists of lectures on selected topics of the annual meeting. In addition, students have the opportunity to present and discuss their own work with a panel of researchers. More information on the course will be announced on the SASP website.
