Summary	V
Acknowledgements	VII
CHAPTER 1	
Introduction	1
CHAPTER 2	
Taxonomic History: An Overview	5
CHAPTER 3	
Morphological Characters	11
3.1 Material and Methods	11
3.2 Results	12
3.2.1 Life Form and Habit	12
3.2.2 Root and Rhizome	13
3.2.3 Stem	14
3.2.4 Leaves	15
3.2.5 Synflorescence	25
3.2.6 Involucre and Phyllary	27
3.2.7 Bract and Bracteole	29
3.2.8 Ray Florets	29
3.2.9 Disk Florets	37
3.2.10 Achenes	37
3.2.11 Pappus	39
CHAPTER 4	
Karyology	41
4.1 Material and Methods	42
4.2 Results	42
4.2.1 Chromosome Numbers	42
4.2.2 Karyotypes	63

4.3	Discussion	66
4.3.1	Base Chromosome Numbers	66
4.3.2	Polyploidy	66
4.3.3	Systematic Implications	67
CHAPTER 5		
	Phylogeny	71
CHAPTER 6		
	Taxonomy	79
6.1	Methodology	79
6.2	Species Concepts	81
6.3	Taxonomic Treatment	82
CHAPTER 7		
	Phytogeography	745
7.1	Distributional Range of <i>Cremanthodium</i>	746
7.2	Major Geographical Regions of <i>Cremanthodium</i>	747
7.3	Species Numbers in Different Countries or Regions	747
7.4	Widespread and Rare Species	752
	References	757
	Appendix I. List of Nomenclatural Novelties Published in this Work	771
	Appendix II. List of New Synonyms Published in this Work	773
	Appendix III. List of New Typifications Published in this Work	775
	Appendix IV. List of Chromosome Counts Currently Known in <i>Cremanthodium</i> , with the Species Arranged Alphabetically	777
	Appendix V. Numerical List of Taxa in <i>Cremanthodium</i>	779
	Appendix VI. List of Specimens Examined	783
	Index to Scientific Names	807
