Acknowledgements

As preliminary versions of individual chapters were first discussed at the 5th Late Modern English Conference in Bergamo, I would like to express my gratitude to the Department of Foreign Languages, Literatures and Communication Studies, and particularly to its excellent administrative and technical staff. Special and really heartfelt thanks also go to members of the Organizing Committee and of the Scientific Committee. I am also grateful to all the participants, for their important contribution to the event.

Finally, for their invaluable help in the preparation of this volume I would like to thank the editorial staff, series editors and anonymous reviewers at John Benjamins. I hope that this collection will contribute to future investigations and may encourage fruitful scientific debate.
