I first broached the idea of this book in conversations with Hugh Chandler, Bill Schroeder and David Shwayder. Each of them was encouraging despite the somewhat unconventional nature of the idea. Mark Pestana read a draft and made exhaustive comments, suggestions, and criticisms. Without his assistance and encouragement this work would not have come to fruition. The referee for John Benjamins read the penultimate draft making numerous insightful and thought provoking comments that I have tried to incorporate into the final draft. Both Pestana and the referee also pointed out what were flat out major blunders on my part. I am grateful to both for their generous assistance.
