Future Robots

Advances in Interaction Studies (AIS)

Advances in Interaction Studies (AIS) provides a forum for researchers to present excellent scholarly work in a variety of disciplines relevant to the advancement of knowledge in the field of interaction studies. The book series accompanies the journal *Interaction Studies: Social Behaviour and Communication in Biological and Artificial Systems*.

The book series allows the presentation of research in the forms of monographs or edited collections of peer-reviewed material in English.

For an overview of all books published in this series, please see <http://benjamins.com/catalog/ais>
