Phonological and Phonetic Considerations of Lexical Processing

Benjamins Current Topics

ISSN 1874-0081

Special issues of established journals tend to circulate within the orbit of the subscribers of those journals. For the Benjamins Current Topics series a number of special issues of various journals have been selected containing salient topics of research with the aim of finding new audiences for topically interesting material, bringing such material to a wider readership in book format.

For an overview of all books published in this series, please see <http://benjamins.com/catalog/bct>
