We wish to express our deep appreciation to John W. Schwieter, the editor of this book series, *Bilingual Processing and Acquisition* (BPA). From the beginning, John has supported our conception of the book. We extend thanks, moreover, to the three anonymous reviewers and our editor, Alison Lyssa, whose insightful feedback greatly improved the quality of our draft. Finally, we would like to acknowledge the support provided by the Faculty of Arts and Social Sciences at the University of Sydney.
