Acknowledgments

In addition to the internal review process by the editors, each of the chapters presented in this book was anonymously reviewed and evaluated by 29 international scholars who were invited by the editors. As such, we would like to extend our sincere gratitude to these researchers for helping in this important process. We would also like to thank Prof. Yves Gambier, the series editor of the *Benjamins Translation Library*, and two anonymous reviewers for their excellent suggestions on the entire book manuscript. It is without a doubt that the expertise and guidance of all of these scholars has helped to diversify and strengthen the contents of this book.
