De-/Re-Contextualizing Conference Interpreting

Benjamins Translation Library

The Benjamins Translation Library aims to stimulate research and training in translation and interpreting studies. The Library provides a forum for a variety of approaches (which may sometimes be conflicting) in a socio-cultural, historical, theoretical, applied and pedagogical context. The Library includes scholarly works, reference works, post-graduate text books and readers in the English language.

EST Subseries

The European Society for Translation Studies (EST) Subseries is a publication channel within the Library to optimize EST's function as a forum for the translation and interpreting research community. It promotes new trends in research, gives more visibility to young scholars' work, publicizes new research methods, makes available documents from EST, and reissues classical works in translation studies which do not exist in English or which are now out of print.
