On this book .....	v
--------------------	---

## Part I ORIENTATION

1	Linguistic variables .....	3
1.1	An elementary question .....	3
1.2	A concept of linguistic variable .....	4
1.3	Comments and examples .....	6
1.4	Classifying linguistic variables .....	7
1.5	Component variables .....	9
1.6	Holistic variables .....	11
2	Major approaches to linguistic variation .....	13
2.1	Component approach and holistic approach (variety approach) .....	13
2.2	Grammar approach and language approach .....	15
2.3	Examples: grammar approach .....	17
2.4	Examples: language approach .....	19
2.5	Aims and scope of the present essay .....	20
3	An overview of syntactic variation studies .....	23
3.1	A classification of current research .....	23
3.2	Conclusions .....	25

3.3	Old biases. Syntax in dialectology .....	26
3.4	Size of research. The role of theory .....	28

## Part II

### SETTING THE STAGE

4	The diachronic perspective .....	33
4.1	Languages as communication complexes .....	33
4.2	Systems for communication complexes .....	36
4.3	Different systems for a stage: example .....	38
4.4	Chains of systems .....	39
4.5	States of systems. Language development .....	41
4.6	Lists of variables .....	43
5	Basic ideas .....	45
5.1	The variety relation .....	45
5.2	Details .....	45
5.3	Variety structures as classification systems .....	47
5.4	Classification criteria: external and system-based .....	48
5.5	Criteria correlation .....	49
6	In defense of variety structures: the problem of idiolects .....	51
6.1	Introduction .....	51
6.2	Idiolects as 'external' and 'speaker specific' .....	52
6.3	Idiolects as 'intermediate' .....	53
6.4	Idiolects as 'homogeneous' .....	54
6.5	Remark: concepts of homogeneity .....	56
7	In defense of variety structures: classification systems on historical languages .....	57
7.1	Historical languages: general objections .....	57

7.2	Historical languages: specific objections .....	58
7.3	Classification systems: the problem of criteria .....	59
7.4	Classification systems: the problem of uniqueness .....	61
8	The variety structure of a historical language: overview .....	63
8.1	The historical period division and the basic dialect division .....	63
8.2	Problems of the basic dialect division .....	65
8.3	Other primary classifications .....	67
8.4	Classifications on historical periods .....	69
8.5	Other non-primary classifications .....	70
8.6	Summary .....	72

### Part III

#### A THEORY OF LANGUAGE VARIETIES

9	Variety structures as classification systems .....	77
9.1	Divisions, classifications, partitions .....	77
9.2	Introducing criteria .....	80
9.3	Division systems, classification systems, partition systems .....	82
9.4	Auxiliary notions. Theorem .....	85
9.5	The notion of place .....	88
9.6	Explication of "variety structure" .....	90
10	External criteria .....	93
10.1	Example .....	93
10.2	Criteria-determining functions .....	95
10.3	Permissible types of non-language entities .....	97
10.4	Points of view and criteria .....	98

11	System-based criteria .....	101
11.1	The criteria-determining function .....	101
11.2	Permissible types of systems .....	102
11.3	Points of view and criteria .....	104
11.4	Example .....	108
11.5	The correlation theorem .....	111
12	Languages, varieties, idiolects .....	115
12.1	Varieties and languages .....	115
12.2	Properties of the variety relation .....	118
12.3	Idiolect location in historical languages .....	121
12.4	Idiolect location in varieties .....	123
13	Varieties and idiolect systems .....	125
13.1	Location of idiolect systems .....	125
13.2	Position of system components .....	126
13.3	Variety-specific components .....	128
13.4	Variety-specific properties .....	130

## Part IV

### INTEGRATING THE COMPONENT APPROACH

14	Variants and variables .....	135
14.1	Introduction .....	135
14.2	Orientation .....	136
14.3	Variants of relations .....	138
14.4	Variants of functions .....	140
14.5	The notion of a linguistic variable in a set of systems ....	143
15	Reconstructions: Chomsky and Seiler .....	147
15.1	On reconstructing Chomsky .....	147

15.2	'Principles and parameters': definitions .....	149
15.3	Discussion .....	151
15.4	Parameter sets .....	153
15.5	'Representation': reconstructing Seiler .....	154
16	On the conception of evaluation grammars .....	157
16.1	Example .....	157
16.2	The notion of evaluation basis .....	159
16.3	A simple evaluation basis: rule status .....	161
16.4	Types of evaluation grammars .....	161
17	Evaluation grammars, variable rules, and linguistic variables .....	165
17.1	Rule-weight <sub>1</sub> .....	165
17.2	Rule interpretation .....	166
17.3	Rule-weight <sub>2</sub> .....	168
17.4	The values of rule-weight <sub>2</sub> as linguistic variables .....	170
17.5	On reconstructing the variable rule approach .....	171
17.6	Grammar-independent variables: quantitative and qualitative .....	173
18	Solving the integration problem .....	177
18.1	Basic ideas .....	177
18.2	Property determination by linguistic variables .....	178
18.3	Specifying sets of systems by linguistic variables .....	179
18.4	Example .....	181
18.5	Permissible types of systems: integrating the component approach .....	183

## Part V

### EXTENSIONS

19	Going beyond varieties .....	187
19.1	A note on contrastive analysis and language acquisition ..	187
19.2	Language typology: basic ideas .....	188
19.3	Auxiliary concepts .....	191
19.4	Typological structures and types .....	194
19.5	Explanations .....	197
19.6	Variety structures and typological structures .....	200
20	Grammars and their terminology .....	203
20.1	Introduction .....	203
20.2	Types of 'grammars' .....	204
20.3	Comments .....	207
20.4	A sample grammatical statement .....	210
20.5	Grammatical terms: non-linguistic constants .....	213
20.6	Grammatical terms: linguistic constants .....	215
21	Grammatical statements .....	219
21.1	Claim on simple grammars .....	219
21.2	Comments .....	221
21.3	Complex grammars: a sample statement .....	223
21.4	Claim on complex grammars .....	226
21.5	Comparative grammars .....	229
21.6	Grammars, typologies, and linguistic variables .....	232
	Bibliography .....	235
	Index of names .....	245
	Index of subjects and terms .....	248
	List of symbols and abbreviations .....	259
