ACKNOWLEDGEMENTS

This book contains a selection of specially revised and refereed papers originally presented at the Fifth International Conference in Cognitive Linguistics, Amsterdam 1997.

The chapter by Steen was not presented at the conference, and the chapter by Grady, Oakley, and Coulson was specially commissioned for this volume.

The editors wish to thank the following colleagues who acted as anonymous referees in the selection and editing process: Lynne Cameron, Herb Colston, Jennifer Hamblin, Peter Harder, Lachlan Mackenzie, Teenie Matlock, Susanne Niemeier, Jennifer O'Brien, Elena Semino, and Wilbert Spooren. Their help has been essential.

The editors are also grateful to Gwen Perret of Tilburg University for her expert assistance in the preparation of the manuscript.

We would also like to thank Anke de Looper of John Benjamins for her seeing the manuscript through the printing process.
