List of tables

Table 1.1	Classification of head types according to the [L, F] feature hypothesis	24
Table 1.2	Lexemes and stems in Spanish compounding	27
Table 2.1	Classification and exemplification of Spanish compound types	66
Table 3.1	Authentic texts used in the study	70
Table 3.2	Number of compounds obtained from each lexicographical source	71
Table 3.3	Minimum frequency requirements relative to size of historical corpora	80
Table 3.4	Examples of compounds by lexical category of compound and constituents	92
Table 4.1	Endocentric head-final compounds with adverbial non-heads	99
Table 4.2	[Adv + V] _V compounds attested by century, as totals and as a percentage of all compounds	105
Table 4.3	Productivity of [Adv + V] _V compounds by century	105
Table 4.4	[Adv + A] _A compounds attested by century, as totals and as a percentage of all compounds	113
Table 4.5	Productivity of [Adv + A] _A compounds attested by century	114
Table 4.6	Frequency of compounded vs. non-compounded uses of ten [Adv + A] combinations in contemporary Spanish	115
Table 4.7	Earliest attested forms of a selection of [Adv + A] _A compounds	116
Table 4.8	[Adv + N] _N compounds attested by century, as totals and as a percentage of all compounds	119
Table 4.9	Productivity of [Adv + N] _N compounds attested by century	120
Table 4.10	Percentages and totals of adverbial non-heads in [Adv + X] _X compounds	122
Table 4.11	Relative frequency of [Adv + X] _X compounds attested by century	122
Table 4.12	Productivity of [Adv + X] _X compounds attested by century	122
Table 5.1	Endocentric head-final compounds with nominal non-heads	125
Table 5.2	[N + V] _V compounds attested by century, as totals and as a percentage of all compounds	131
Table 5.3	Productivity of [N + V] _V compounds attested by century	131

Table 5.4	[N + A] _A integral compounds attested by century, as totals and as a percentage of all compounds	141
Table 5.5	Productivity of [N + A] _A compounds attested by century	142
Table 5.6	Syllable count for nominal constituent in [N + A] _A integral compounds	143
Table 5.7	Morphological structure of nominal constituent in [N + A] _A integral compounds	144
Table 5.8	[N + A] _A deverbal compounds attested by century, as totals and as a percentage of all compounds	152
Table 5.9	Productivity of [N + A] _A deverbal compounds attested by century	152
Table 5.10	Morphological structure of nominal constituent in [N + A] _A deverbal compounds	153
Table 5.11	Deverbal [N + N] _N head-final compounds attested by century, as totals and as a percentage of all compounds	159
Table 5.12	Productivity of deverbal [N + N] _N head final compounds attested by century	159
Table 5.13	Morphological structure of nominal constituent in [N + N] _N deverbal head-final compounds	160
Table 6.1	Endocentric patterns with nominal heads in Spanish	163
Table 6.2	Head-initial [N + N] _N compounds attested by century, as totals and as a percentage of all compounds	168
Table 6.3	Productivity of head-initial [N + N] _N compounds attested by century	169
Table 6.4	First attestations for [N + de + N] phrases and related [N + N] _N compounds	170
Table 6.5	First attestations for two-word and one-word spellings for head-initial [N + N] _N compounds	171
Table 6.6	Morphological structure of leftmost constituent in head-initial [N + N] _N compounds	172
Table 6.7	Frequency of plural inflection on [N + N] _N head-initial compounds	172
Table 6.8	Head-final [N + N] _N compounds attested by century, as totals and as a percentage of all compounds	178
Table 6.9	Productivity of head-final [N + N] _N compounds attested by century	179
Table 6.10	Morphological structure of nominal constituent in head-final [N + N] _N compounds	180
Table 6.11	[N + A] _N compounds attested by century, as totals and as a percentage of all compounds	185
Table 6.12	Productivity of [N + A] _N compounds attested by century	185

Table 6.13	First attestations for two-word and one-word spellings for [N + A] _N compounds	187
Table 6.14	Morphological structure of leftmost constituent in [N + A] _N compounds	187
Table 6.15	First attestations of [N + A] _N compounds with and without internal plural concord	188
Table 6.16	[A + N] _N compounds attested by century, as totals and as a percentage of all compounds	192
Table 6.17	Productivity of [A + N] _N compounds attested by century	192
Table 6.18	First attestations for two-word and one-word spellings for [A + N] _N compounds	194
Table 6.19	Morphological structure of leftmost constituent in [A + N] _N compounds	195
Table 6.20	First attestations of [A + N] _N compounds with and without internal plural concord	196
Table 7.1	Exocentric compounds in Spanish	197
Table 7.2	Examples of verb Aktionsart in [V + N] _N compounds	199
Table 7.3	Examples of verb argument structure in [V + N] _N compounds	200
Table 7.4	[V + N] _N compounds attested by century, as totals and as a percentage of all compounds	206
Table 7.5	Productivity of [V + N] _N compounds by century	207
Table 7.6	First attestations of [V + N] _N compound alternants with plural and singular nominal constituents	209
Table 7.7	Semantic fields of [V + N] _N compounds in three historical periods	211
Table 7.8	[Q + N] _N compounds attested by century, as totals and as a percentage of all compounds	216
Table 7.9	Productivity of [Q + N] _N compounds by century	216
Table 8.1	Concatenative patterns in Spanish	219
Table 8.2	[N + N] _N concatenative compounds attested by century, as totals and as a percentage of all compounds	226
Table 8.3	Productivity of [N + N] _N concatenative compounds by century	227
Table 8.4	Attestations of one-word and two-word spellings for concatenative [N + N] _N compounds with full word first constituents	228
Table 8.5	Internal number inflection in representative concatenative [N + N] _N compounds	229
Table 8.6	First attestation of some [N + coord + N] phrases and equivalent concatenative [N + N] _N compounds	230
Table 8.7	Concatenative [A + A] _A compounds attested by century, as totals and as a percentage of all compounds	238

Table 8.8	Productivity of concatenative $[A + A]_A$ compounds by century	238
Table 8.9	Percentages and totals of double and simple inflection in plural $[A + A]_A$ compounds	239
Table 8.10	$[V + V]_N$ concatenative compounds attested by century, as totals and as a percentage of all compounds	245
Table 8.11	Productivity of $[V + V]_N$ compounds by century	245
Table 8.12	First attestation of spelling variants for some frequent $[V + V]_N$ compounds (data from CORDE, CREA, and Covarrubias (1611))	246
Table 8.13	Examples of numeral compounds with tens and units (from CORDE and Google)	250
Table 8.14	Examples of numeral compounds with hundreds and thousands (from CORDE and Google)	251
Table 9.1	Summary and examples of compound types	253
Table 9.2	$[V + N]_N$ and $[Adv + A]_A$ compounds as a percentage of all compounds and as a percentage of new compounds over time	257
Table 9.3	Percentage of verb-final main and subordinate clauses in Latin texts (data from Bork 1990: 373)	258
Table 9.4	Totals and percentages of all head-initial and head-final compounds over time ($n = 3044$)	259
Table 9.5	Totals and percentages of new head-initial and head-final compounds over time ($n = 3044$)	260
Table 9.6	Relative frequency of head-initial and head-final noun-adjective compounds by century	264
Table 9.7	Percentages of preposed nominals in full lexeme and stem form, for head-initial and head-final patterns by century	267
Table 9.8	Stages in the acquisition of agentive/instrumental deverbal compounds in English and French (data from Clark et al. 1986; Nicoladis 2007)	274
Table 9.9	Totals and percentages of hierarchical and concatenative compounds over time ($n = 2490$)	280
Table 9.10	Totals and percentages of hierarchical compounds over time, by lexical category (excluding $[V + N]_N$ compounds) ($n = 2083$)	281
Table 9.11	Totals and percentages of endocentric and exocentric uses for all compounding patterns over time	284
Table 9.12	Compound patterns that increase and decrease their exocentricity over time	285
Table 9.13	Totals and percentages of endocentric and exocentric $[Q + N]_N$ compounds by century	286
