CHAPTER 1

Language contact in the Maya Lowlands	1
1.1 Contact and inherited similarity	1
1.2 Identifying contact effects between related languages	5
1.3 Mayan languages	7
1.4 The Maya Lowlands: Definition and history	8
1.5 The linguistic geography of the Maya Lowlands, past and present	13
1.5.1 The Preclassic period (2200 B.C. – 200 A.D.)	15
1.5.2 The Classic period (200–900 A.D.)	16
1.5.3 The Postclassic period (900–1521 A.D.)	18
1.5.3.1 Yukatekan	19
1.5.3.2 Lacandon	20
1.5.3.3 Cholan	21
1.5.3.4 Tojol-ab'al and Coxoh	22
1.5.4 Differences in current linguistic geography	24
1.6 Previous work on Mayan language contact	26
1.7 Overview of the book	29

CHAPTER 2

Mayan languages and linguistic areas: Areal phonology	31
2.1 Phonological diffusion	31
2.2 Phonological diffusion in Mayan	33
2.2.1 pM */r/ to /j/ (merged with pM */j/)	33
2.2.2 pM */ŋ/ to /n/ (merged with pM */n/)	34
2.2.3 Loss of vowel length	37
2.2.4 Merging of pM */x/ and */h/	38
2.2.5 Fronting of pM */q(ʼ)/	42
2.2.6 Innovation of /pʼ/ phoneme	42
2.3 Mechanisms of transfer and Lowland phonemic innovations	45

CHAPTER 3

Mayan languages and linguistic areas: Syntactic, semantic and morphological features	47
3.1 Processes of contact-induced change beyond phonemes	47
3.2 Contact-induced change in Mayan aspect	48
3.3 Contact-induced changes in Mayan person marking	53
3.3.1 Pattern borrowing in person markers	53
3.3.2 Matter borrowing in person markers	55
3.4 Contact-induced changes in Mayan quantification	56
3.5 Contact-induced changes in Mayan numeral classifiers	57
3.5.1 Pattern borrowing in numeral classifiers	58
3.5.2 Matter borrowing in numeral classifiers	60
3.6 Contact-induced changes in Mayan word order and agent focus	61
3.7 The Lowland Maya region as a linguistic area	64
3.7.1 History of the 'linguistic area' concept	64
3.7.2 Defining the Lowland Mayan linguistic area	65
3.7.3 Explaining the Lowland Mayan linguistic area	69

CHAPTER 4

Person marking and pattern borrowing in Lowland Mayan languages	73
4.1 Language contact and the category of person	73
4.2 Person marking in Mayan languages	74
4.3 Types of pronouns and pronoun borrowing	76
4.4 Pattern borrowing in Lowland Mayan person marking	78
4.4.1 Third person suppletive to transparent plural forms	78
4.4.2 Second person	82
4.4.3 First person	84
4.4.3.1 Inclusive/exclusive distinction	84
4.4.3.2 Dual	87
4.4.3.3 1. <i>PL</i> > 1. <i>SG</i>	89
4.4.4 Suffixation of absolutive	91
4.5 Overlapping isoglosses and layers of borrowing	92

CHAPTER 5

Cholan, Yukatekan and matter borrowing in person markers	97
5.1 Matter borrowing in person markers	97
5.2 Shared innovations and matter borrowing in Set A	97
5.3 Shared innovations in Set B	101
5.4 Relative chronology of changes in person marking	103
5.5 Person marking and borrowability in Mayan	105

CHAPTER 6

Contact effects in the Lowland Mayan aspectual systems:

Direct borrowing	109
6.1 Borrowed aspectual morphology in Lowland Mayan languages	109
6.2 The 'ti' completive proclitic	110
6.3 The '-oom' perfect incomplete	111
6.3.1 The -oom in hieroglyphs	111
6.3.2 -oom in Colonial Yukatek	115
6.3.3 Borrowing or shared retention?	118
6.4 The progressive with *iyuwal	123
6.5 Matter borrowing and areal linguistic processes	128

CHAPTER 7

Pattern borrowing and split ergativity	129
7.1 Ergativity in Mayan	129
7.2 The 'Lowland' type of split ergativity	130
7.3 The areal distribution of Lowland style split ergativity	132
7.4 Peripheral influence: The verbal form of the incomplete intransitive	132
7.4.1 Poqom	134
7.4.2 Ixil	134
7.4.3 Ch'orti'	135
7.5 The semantic range of the nominative-accusative pattern	137
7.5.1 Languages with a more limited range of accusative pattern	139

CHAPTER 8

Secondary contact effects	143
8.1 The internal ramifications of language contact	143
8.2 Secondary contact effects in the completive aspect	144
8.3 Secondary contact effects in transitive verbs	148
8.4 Contact-induced grammaticalization and contact-induced drift	150
8.4.1 Contact-induced grammaticalization and Poqom	151
8.4.2 Contact-induced drift	151
8.4.2.1 Parallel development of inclusive/exclusive/dual	152
8.4.2.2 Contact-induced drift and Lowland Mayan aspectual suffixes	154

CHAPTER 9

Language ideology and contact	157
9.1 The consequences of linguistic similarity	157
9.2 Language boundaries in mind and society	159

9.2.1	Managing discrete linguistics systems in the mind	159
9.2.2	Mental organization and contact-induced change	161
9.2.3	Language boundaries and speech communities	162
9.2.4	Ideologies of language contact	164
9.2.5	The linguistic consequences of social difference	166
9.3	Mayan ideologies of language and community	168
CHAPTER 10		
	Conclusions: Contact among related languages	175
10.1	Lowland Mayan language contact	175
10.2	Implications of relatedness for methods in contact linguistics	176
10.2.1	Regularity of sound change	176
10.2.2	Trees and waves	178
10.3	Convergence and paradigmatic interchangeability	178
10.4	Systemic overlap and interlingual adjustments	180
10.5	Conclusion: Mayan diversity and unity in the linguistic past	183
	References	187
	Index	205
