## **Preface & Acknowledgements**

I should like to express my gratitude to my former teacher and friend Prof. William R. Schmalstieg, The Pennsylvania State University, for his helpful comments on the manuscript at various stages of its writing. I am also grateful to two anonymous readers of an earlier version of the manuscript; to Prof. E. F. Konrad Koerner, University of Ottawa, for his invaluable advice and assistance in the preparation of the final text, and to Mae Smith Bixby for her patience and skill in keyboarding it.

As well I owe special thanks to Millersville University for a research grant which provided me with some financial resources for the completion of this project.

Finally, I want to express my thanks to my wife, Kathy, and my children for their forbearance and support during the time when this work was undertaken.
