Acknowledgments

This book is the second of a series of two volumes that grew out of the Sixth Creolistics Workshop in Giessen 2006. The first volume, *Simplicity and Complexity* is edited by Nicholas Faraclas and Thomas B. Klein.

In addition to a selection of papers presented at the workshop, the editors of this volume invited a number of other scholars to reflect on the question of complexity and simplicity, and implications of this for creole grammars and creole studies. We are grateful to all the contributors to the volume, the series editors, and all the reviewers for helping evaluate the work presented here.
