Table of contents

Acknowledgements	IX
List of tables, figures and charts	XI
CHAPTER 1	
Introduction	1
1.0 General scope of the study	1
1.1 Sketching out the language situation in Jamaica	2
1.2 Learning standard Jamaican English in school	3
1.3 Acquisition vs. learning of speech patterns	5
1.4 Research objectives of the study	7
1.5 Theoretical framework: Variationist and usage-based models	8
1.6 Structure of the book	10
CHAPTER 2	
Variation in child phonology	13
2.0 Introduction	13
2.1 Acquiring sociolinguistic variables	13
2.2 Communicative competence	15
2.3 Phonology and phonetics intertwined in the lexicon	16
2.4 Acquiring socio-phonetic variation	18
2.5 Usage-based models of language	19
2.5.1 Frequency	21
2.6 Exemplar-based L2 learning and frequency effects	22
2.7 Sociolinguistics in SLA research	24
2.8 Summary	24
CHAPTER 3	
Language and education in Jamaica	27
3.0 Introduction	27
3.1 Sociolinguistic awareness as part of language learning	27
3.2 Note on language standardisation	29
3.2.1 Defining a 'standard' in the Jamaican context	29
3.3 SJE as the target in education	31

3.4	Official implementation vs. local representativeness of SJE	35
3.4.1	Model, input and output	37
3.5	Modelling the sounds of SJE: Pedagogy and methods	38
3.5.1	<i>Integrated studies: Language Arts and Phonics</i>	39
3.6	Some examples of sound drilling in the classroom	41
3.7	Summary	44

CHAPTER 4

Researching the school communities	45
4.0 Introduction	45
4.1 Fieldwork in an educational context	45
4.2 The school communities	47
4.3 Gaining access to the schools	49
4.4 Selection of informants	50
4.4.1 Choice of age group	51
4.5 Data types and procedures	55
4.5.1 Observational data collection	55
4.5.2 Tasks and materials used for elicitation	57
4.5.3 Conduct of recordings	60
4.6 Pedagogical factors for explaining variation	62
4.6.1 Target	62
4.6.2 Frequency	64
4.7 Quantitative methods	65

CHAPTER 5

Word-final (-t, -d) consonant clusters	67
5.0 Introduction	67
5.1 A note on terminology	68
5.2 Consonant clusters as a continuous process of acquisition	71
5.3 Acquiring SJE consonant clusters in class	73
5.4 Variationist constraints on consonant clusters	77
5.5 Some empirical findings on clusters in Jamaican	82
5.6 Consonant clusters in rural Jamaican schools	87
5.6.1 Children's acquisition of clusters as a variable process	89
5.6.2 Cluster variation in teacher speech	95
5.7 Linguistic factors	97
5.7.1 Negation clusters	97
5.7.2 Cluster absence and preceding segment	98
5.7.3 Cluster absence and following segment	108

5.8	The role of pedagogical factors on cluster absence	113
5.8.1	Target	113
5.8.2	Task	121
5.9	The role of frequency on cluster absence	123
5.10	Summary: Acquiring variation in complex sequences of sounds	137

CHAPTER 6

Word-final vowel duration	139
6.0 Introduction	139
6.1 The Jamaican vowel system	140
6.2 Vowel length and word-level prominence in English and Jamaican	143
6.3 Methods for the acoustic and statistical analyses	146
6.3.1 Dependent variable: Vowel duration	147
6.3.2 Independent variables	151
6.4 Vowel duration contrasts in the teachers' data	160
6.4.1 Vowel lengthening	161
6.4.2 Vowel reduction	162
6.5 Vowel duration in the children's data: Linguistic factors	164
6.5.1 Phonetic forms and vowel orthography	164
6.5.2 Vowel quality and vowel reduction	169
6.5.3 Vowel lengthening and vowel quality subsystems	172
6.5.4 Vowel lengthening and phonological environment	179
6.5.5 Vowel lengthening and stress-related factors	181
6.6 Vowel lengthening and performance factors	188
6.7 Vowel lengthening and social factors	194
6.8 Vowel lengthening and frequency	198
6.9 Concluding discussion	200

CHAPTER 7

Learning phono-stylistic variation in the classroom		205
7.0	Introduction: A multifaceted learning of sound patterns	205
7.1	The <i>modelling-replication framework</i>	207
7.2	Generalisations and variability of JC and SJE sound systems	209
7.2.1	Implications for SJE learning	211
7.2.2	Stylistic variation	212
7.3	Literacy and classroom speech templates	214
7.4	Classroom speakers vs. acrolectal speakers	219
7.5	Extent of classroom speech harmony	221
7.6	Distinguishing between JC and SJE spoken repertoires	223

7.7	Whole-word pronunciations and their conceptual features	226
7.8	Frequency and perceptual salience	230
7.9	Variation and phonetic learning	233
CHAPTER 8		
	Conclusion and pedagogical implications	237
8.0	Phono-stylistic variation: Internal and external factors	237
8.1	Classroom-specific English or SJE?	244
8.2	Children's learned behaviour and proficiency	246
8.3	Note on the <i>Language Arts-Phonics</i> teaching methodology	249
8.4	Looking at seven year olds and beyond	251
	References	253
	Appendices	267
	Index	291
