## Controversies and Interdisciplinarity

# *Controversies (CVS)*

## *Ethics and Interdisciplinarity*

ISSN 1574-1583

*Controversies* includes studies in the theory of controversy or any of its salient aspects, studies of the history of controversy forms and their evolution, case-studies of particular historical or current controversies in any field or period, edited collections of documents of a given controversy or a family of related controversies, and other controversy-focused books. The series also acts as a forum for 'agenda-setting' debates, where prominent discussants of current controversial issues take part. Since controversy involves necessarily dialogue, manuscripts focusing exclusively on one position will not be considered.
