# Explorations in the Sociology of Language and Religion

# Discourse Approaches to Politics, Society and Culture

The series includes contributions that investigate political, social and cultural processes from a linguistic/discourse-analytic point of view. The aim is to publish monographs and edited volumes which combine language-based approaches with disciplines concerned essentially with human interaction — disciplines such as political science, international relations, social psychology, social anthropology, sociology, economics, and gender studies.

The book series complements the *Journal of Language and Politics*, edited by Ruth Wodak and Paul Chilton.

*To the memories of  
Charles A. Ferguson and Efurosibina Adegbija*

*We walk in the glimmer of lightbearers  
long gone  
The scroll in our grip through this loop  
on to eternity  
That the words from every clean mouth  
And the meditations of all sane hearts  
May confluence and in conference  
Unleash the glory of mankind.*
