# Grammar, Meaning and Pragmatics

# *Handbook of Pragmatics Highlights (HoPH)*

The ten volumes of *Handbook of Pragmatics Highlights* focus on the most salient topics in the field of pragmatics, thus dividing its wide interdisciplinary spectrum in a transparent and manageable way. Each volume starts with an up-to-date overview of its field of interest and brings together some 12–20 entries on its most pertinent aspects.

Since 1995 the *Handbook of Pragmatics (HoP)* and the *HoP Online* (in conjunction with the *Bibliography of Pragmatics Online*) have provided continuously updated state-of-the-art information for students and researchers interested in the science of language in use. Their value as a basic reference tool is now enhanced with the publication of a topically organized series of paperbacks presenting *HoP Highlights*. Whether your interests are predominantly philosophical, cognitive, grammatical, social, cultural, variational, interactional, or discursive, the *HoP Highlights* volumes make sure you always have the most relevant encyclopedic articles at your fingertips.
