# Table of contents

|   |           |
|---|-----------|
| Acknowledgements  | XI        |
| Abbreviations and notational conventions  | XIII      |
| CHAPTER 1   |           |
| <b>Introduction</b>   | <b>1</b>  |
| 1.1 Scope and goals   | 1         |
| 1.2 Organization of this study  | 3         |
| CHAPTER 2   |           |
| <b>Theoretical background</b>   | <b>5</b>  |
| 2.1 Focus particles   | 5         |
| 2.2 Syntax  | 10        |
| 2.3 Information structure   | 12        |
| 2.4 Prosody   | 27        |
| 2.5 Summary   | 31        |
| CHAPTER 3   |           |
| <b>The semantics of focus particles</b>   | <b>33</b> |
| 3.1 Overview  | 33        |
| 3.2 Compositional semantics: Association with focus   | 37        |
| 3.2.1 Syntactic, semantic, and pragmatic theories   | 37        |
| 3.2.2 <i>John only introduced Bill to Sue</i> : Alternative Semantics and Structured Meanings | 41        |
| 3.2.3 The restriction of the alternatives   | 46        |
| 3.2.4 Assertions, presuppositions, implicatures   | 48        |
| 3.3 Lexical semantics: Subgroups of focus particles   | 52        |
| 3.3.1 The traditional classification  | 53        |
| 3.3.2 A cross-classification of focus particles   | 55        |
| 3.4 Summary   | 57        |
| CHAPTER 4   |           |
| <b>Focus particles, syntax, and information structure</b>                                     | <b>59</b> |
| 4.1 Focus particles in German: A descriptive survey   | 60        |

- 4.1.1 Positions of focus particles and their domains 60
- 4.1.2 The location of the sentence accent 67
- 4.1.3 Contrastive uses of focus particles 68
- 4.2 Syntactic analyses of focus particle constructions 73
  - 4.2.1 Focus particles as adverbials 74
  - 4.2.2 Focus particles as crosscategorical operators 79
  - 4.2.3 The role of information structure 83
  - 4.2.4 Summary 86
- 4.3 An alternative proposal 86
- 4.4 Focus particles as adjuncts to VP and AP 88
  - 4.4.1 The syntactic status and the position of focus particles 88
  - 4.4.2 Association with the sentence focus 90
  - 4.4.3 Movement of (parts of) a focus particle's domain 96
  - 4.4.4 An argument against adjunction to the root CP 100
  - 4.4.5 Focus particles as adjuncts to AP 101
  - 4.4.6 Summary 103
- 4.5 Stressed additive focus particles 103
  - 4.5.1 Previous analyses 104
  - 4.5.2 A movement account of stressed *auch* 109
  - 4.5.3 Arguments against a movement account 124
  - 4.5.4 Summary 130
- 4.6 Focus particles as adjuncts to XP 131
  - 4.6.1 Adjunction to DP, PP, and CP 131
  - 4.6.2 Arguments against adjunction to XP 134
  - 4.6.3 Adjunction to XP and information structure 143
  - 4.6.4 Summary 146
- 4.7 Summary 147

## CHAPTER 5

## The scope of focus particles

149

- 5.1 Syntactic restrictions on the scope of focus particles 149
- 5.2 Relative scope of focus particles and other scope-bearing elements 153
  - 5.2.1 Negation 154
  - 5.2.2 DPs and adverbials 159
  - 5.2.3 Multiple focus particles 163
- 5.3 The (no) reconstruction argument against adjunction to XP 166
- 5.4 Summary and consequences 170

## CHAPTER 6

|  |            |
|--|------------|
| <b>The prosody of sentences with stressed additive focus particles</b>             | <b>173</b> |
| 6.1 Starting points and first observations   | 173        |
| 6.2 Corpus study   | 178        |
| 6.2.1 The corpus   | 178        |
| 6.2.2 Syntactic description of the corpus material                                 | 179        |
| 6.2.3 Intonational analysis  | 179        |
| 6.2.4 Discussion   | 184        |
| 6.3 Experimental pilot study   | 188        |
| 6.3.1 Hypotheses   | 190        |
| 6.3.2 Experiment 1: Speech production  | 190        |
| 6.3.3 Experiment 2: Speech perception  | 200        |
| 6.3.4 General discussion   | 205        |
| 6.4 Experiment 3: Stressed <i>auch</i> in speech production                        | 207        |
| 6.4.1 Hypotheses   | 208        |
| 6.4.2 Data elicitation   | 209        |
| 6.4.3 Data analysis  | 212        |
| 6.4.4 Qualitative results  | 215        |
| 6.4.5 Quantitative results   | 219        |
| 6.4.6 Discussion   | 227        |
| 6.5 Experiment 4: The perception of utterances containing stressed <i>auch</i> (1) | 228        |
| 6.5.1 Hypotheses   | 228        |
| 6.5.2 Method   | 229        |
| 6.5.3 Results and discussion   | 231        |
| 6.6 Experiment 5: The perception of utterances containing stressed <i>auch</i> (2) | 235        |
| 6.6.1 Hypotheses   | 235        |
| 6.6.2 Method   | 236        |
| 6.6.3 Results and discussion   | 239        |
| 6.7 General discussion and summary   | 243        |

## CHAPTER 7

|   |            |
|---|------------|
| <b>Focus particles and contrast</b>                                 | <b>247</b> |
| 7.1 Focus particles, the focus-background partition, and contrast   | 247        |
| 7.2 Prosodic correlates of contrastive focus                        | 249        |
| 7.3 Experiment 6: Focus particles and contrast in speech production | 251        |
| 7.3.1 Experimental conditions and hypotheses                        | 252        |
| 7.3.2 Data elicitation  | 253        |
| 7.3.3 Data analysis   | 257        |

|                   |  |            |
|-------------------|--|------------|
| 7.3.4             | Results: Control conditions                                      | 259        |
| 7.3.5             | Results: Conditions with focus particles                         | 265        |
| 7.3.6             | Discussion   | 273        |
| 7.4               | Experiment 7: Contrast in speech perception                      | 277        |
| 7.4.1             | Hypotheses   | 277        |
| 7.4.2             | Method   | 278        |
| 7.4.3             | Results and discussion   | 279        |
| 7.5               | General discussion and summary                                   | 285        |
| <br>              |  |            |
| CHAPTER 8         |  |            |
| <b>Conclusion</b> |  | <b>289</b> |
| <br>              |  |            |
| <b>Appendix</b>   |  | <b>293</b> |
| A.1               | Sources of the spoken language corpus analyzed<br>in Section 6.2 | 293        |
| A.2               | Materials of Experiment 1  | 293        |
| A.2.1             | Critical items   | 293        |
| A.2.2             | Filler items   | 295        |
| A.3               | Materials of Experiment 2  | 296        |
| A.4               | Materials of Experiment 3  | 297        |
| A.4.1             | Critical items   | 297        |
| A.4.2             | Filler items   | 299        |
| A.5               | Materials of Experiment 4  | 301        |
| A.6               | Materials of Experiment 6  | 302        |
| <br>              |  |            |
| Bibliography      |  | 307        |
| Name index        |  | 325        |
| Subject index     |  | 329        |
