Table of Contents

Preface	vii
Table of Contents	xi
1 The Semantic Nature of Polarity Sensitivity	1
1.1 Previous approaches	2
1.1.1 Affective as negative	4
1.1.2 Affective as downward entailing	8
1.1.3 Problems with downward entailment as the licensing property	11
1.2 Polarity sensitivity as semantic dependency	15
1.2.1 Polarity items as semantically sensitive expressions	17
1.2.2 The representation of sensitivity	20
1.2.3 Licensing and scope	21
1.3 Polarity sensitivity in dynamic semantics	24
1.3.1 The Stalnakerian context	25
1.3.2 Context and information states in update semantics	28
1.3.3 Models of individuals	31
1.3.4 The nonquantificational approach to indefinites	34
1.3.4.1 Tripartite quantification and unselective binding	34
1.3.4.2 Semantic incorporation: minimizers	36
1.4 Conclusion	39
2 Varieties of Sensitivity in Greek	41
2.1 Sentence structure in Greek	42
2.1.1 Word order and verb movement	42
2.1.2 Mood and the structure of IP	45

2.2	The syntactic representation of negation	50
2.2.1	Negative particles in Greek	50
2.2.2	The syntactic status of <i>dhen</i> and <i>min</i>	52
2.3	Affective dependencies	56
2.3.1	Two paradigms of affective polarity items	56
2.3.2.	Distributional differences	57
2.3.2.1	Grammatical constructions for both paradigms	57
2.3.2.2	Grammatical contexts for nonemphatics	57
2.3.3	Syntactic differences	61
2.3.4	Semantic differences	63
2.3.5	The sensitivity semantics of emphatics and nonemphatics	69
2.3.6	The role of emphatic accent	71
2.4	Free choice items	74
2.4.1	Distribution	75
2.4.2	The semantics of free choice	80
2.4.3	Linking free choice to limited distribution: episodicity	83
2.5	Mood choice in relative clauses	85
2.5.1	Distribution	86
2.5.2	Subjunctive relatives and entailment of existence	89
2. 6	Conclusion	92

3 Polarity Dependencies and (Non)veridicality 97

3.1	Mood choice and affective dependencies	98
3.1.1	Mood choice in Greek	100
3.1.2	Mood choice and nonemphatics	104
3.1.3	(Non)veridicality as an absolute notion	106
3.1.4	Relativized (non)veridicality	110
3.1.5	A licensing condition for affective polarity items	117
3.2	Determiners, quantifiers and (non)veridicality	118
3.2.1	(Non)veridicality of determiners and quantifiers	121
3.2.2	(Non)veridicality of determiners and affective licensing	123
3.3	Other licensing environments for affective polarity items	128
3.3.1	Modal verbs	128
3.3.2	Nondeclaratives: interrogatives, imperatives, exclamatives	130
3.3.3	Conditionals	131
3.3.4	Habituals	134
3.3.5	Future	138

3.3.6	Nonveridicality and the sensitivity semantics of nonemphatics	138
3.4	Negative polarity	141
3.4.1	NPIs as a proper subset of APIs	141
3.4.2	Indirect licensing	145
3.4.2.1	Rhetorical questions and counterfactual conditionals	145
3.4.2.2	Indirect licensing as a secondary option for APIs	149
3.4.2.3	Indirect licensing of APIs	151
3.4.3	A typology of APIs based on nonveridicality	155
3.4.4	Crosslinguistic considerations	160
3.5	Generalizing (non)veridicality: nonaffective dependencies and <i>any</i>	163
3.5.1	Free choice items	164
3.5.2	Subjunctive relatives	167
3.5.3	<i>Any</i>	169
3.6	Conclusion	173
4	The Syntactic Characterization of the Licensing Domain	175
4.1	Manifestations of negative concord	177
4.1.1	A typology of <i>n</i> -words	179
4.1.2	Varieties of negative concord	184
4.2	The NEG-criterion approach	187
4.2.1	N-words as negative quantifiers	187
4.2.2	N-words and wh-phrases	191
4.2.3	Problems with the NEG-criterion	196
4.3	The nonquantificational approach: <i>n</i> -words as indefinites	202
4.3.1	Acquaviva (1993)	202
4.3.2	Two mechanisms for the licensing of <i>n</i> -words: weak and strong licensing	205
4.3.3	Problems with the nonquantificational approach	207
4.4	N-words as context sensitive expressions	209
4.5	Negative concord and quantifier scope	210
4.5.1	The compositionality puzzle solved	211
4.5.2	Dependency and scope for polarity items	218
4.5.3	Emphatic movement and wh-movement	219
4.5.3.1	Overt wh-movement and emphatics long-distance	220
4.5.3.2	Emphatics versus Wh-in situ	223
4.5.4	Emphatic licensing and the scope of universal quantifiers	225

4.5.5	Emphatic dependency and focus	227
4.6	Weak negative dependencies	231
4.6.1	In situ licensing of APIs	232
4.6.2	C-command: s-structure or LF?	235
4.6.3	'Specificity' effects	239
4.7	The pragmatic import of negative sentences	242
4.7.1	The pragmatics of negative sentences	243
4.7.1.1	Negative dependencies and the thetic-categorical distinction	243
4.7.1.2	The Pragmatic Non-Uniformity Hypothesis	245
4.7.2	Overt emphatic preposing as topicalization	248
4.7.2.1	Presence of a clitic	249
4.7.2.2	Unboundedness	251
4.7.2.3	Stacking	254
4.7.2.4	Island sensitivity	254
4.8	Conclusion	257

Conclusions	259

List of Tables

Chapter 2

Table 1: Comparative distribution of emphatics and nonemphatics	61
Table 2: Comparative distribution of nonemphatics and free choice items	79
Table 3: Comparative distribution of Greek polarity items	89
Table 4: A typology of polarity items in Greek	96

Chapter 3

Table 1: Affective polarity items in Greek	99
Table 2: A typology of Greek polarity items based on nonveridicality	156
Table 3: A crosslinguistic typology based on nonveridicality	162
Table 4: Polarity items in Greek	163
Table 5: <i>Any</i> , free choice items and nonemphatics	169

Chapter 4

Table 1: N-words, their interpretation and negative concord	183
Table 2: Semantic dependency and syntactic condition	219
