Preface

This book presents selected papers from a workshop at the Annual Conference of the German Society for Linguistics (DGfS) in March 2000. We would like to thank all participants for their stimulating discussion which laid the foundations for this volume. Special thanks go to Paul Law, our co-organiser of the workshop.

The selection process would not have been possible without the invaluable help of a number of reviewers, whom we would like to thank here anonymously — and unanimously.

We would also like to thank Werner Abraham, the editor of this series, for his support.

Finally, we want to thank Allison Schmidt and Tatjana Danilewitsch for their help in preparing and proof-reading the manuscript. This work was supported by a research grant provided by the Institut für deutsche Sprache und Linguistik of Humboldt-University Berlin.
