We would like to thank the LA/LT-Series Editors, Werner Abraham and Elly van Gelderen, as well as Kees Vaes, the Editorial Director, for their interest in and support of this project. Thanks also to Elly van Gelderen for her detailed comments on the final version of the manuscript. We are indebted to Željko Bošković and Norbert Hornstein for spurring our interest in multiple *wh*-fronting phenomena when we were students and, through their works, making sure that we remain interested. We also extend thanks to our wives, Youngmi and Joy, for providing much needed moral support. Last, but not least, we are most grateful to our contributors for their willingness to join in this project and for their patience during the editorial process.
