Foreword

A number of colloquia were held in Wuppertal in the late 90s and early 00s, including ones on “Aspect and Adverbs”, “Information Structure”, and “The Syntax and Semantics of Adverbials”, which aimed at reflecting and promoting the rising interest in interface issues in linguistics. Subsequent to the last colloquium, the decision was made to gather a number of authors who were particularly adept at exploring the topic of interface issues in the domain of adverbials. Some of the authors were participants at one or several of the colloquia.

We are particularly grateful to those who agreed to review one or more of the submitted papers: Regine Eckardt, Eva Engels, Gisbert Fanselow, Werner Frey, Wilhelm Geuder, Hubert Haider, Dagmar Haumann, Joachim Jacobs, Ingrid Kaufmann, Christopher Laenzlinger, Irene Rapp, Martin Schäfer, Benjamin Shaer, Thilo Tappe, and George Tsoulas.

Helpful in other respects were Ariane Glasner, Heike Baeskow, and Dagmar Haumann, whom we would hereby like to thank.
