A Corpus Linguistic Approach
to Literary Language and Characterization

Linguistic Approaches to Literature (LAL)

Linguistic Approaches to Literature (LAL) provides an international forum for researchers who believe that the application of linguistic methods leads to a deeper and more far-reaching understanding of many aspects of literature. The emphasis will be on pragmatic approaches intersecting with areas such as experimental psychology, psycholinguistics, computational linguistics, cognitive linguistics, stylistics, discourse analysis, sociolinguistics, rhetoric, and philosophy.
