Acknowledgements

During the more than two years that it took to complete this project, I benefited from help and support from various sources, for which I am very thankful.

I acknowledge with gratitude financial support from the University of Hawaii Japan Studies Endowment, funded by a grant from the Japanese Government.

I would like to thank the authors of the studies that appear in this volume for their commitment to the project and for their patience during review process. I am also indebted to several individuals for their comments on one or more of the individual chapters that appears in this book, particularly Lydia White, Kevin Gregg, Craig Chaudron, Graham Crooks, J. D. Brown, Lourdes Ortega, Robert Bley-Vroman, and William O'Grady.

Special thanks are also due to Keira Ballantyne, who read through the manuscript in its entirety twice, noting many problems and inconsistencies. I also thank Todd Fukushima for his technical assistance.

Finally, I would also like to thank my family for their support and patience.
