We hereby would like to thank four generations of students at the MA Applied Linguistics program at the University of Groningen who have had to struggle and suffer through our first feeble attempts to explain DST methodology and techniques. We are also grateful to two anonymous reviewers and the series editors, Nina Spada and Nelleke Van Deusen-Scholl, who have given invaluable suggestions for improvement. Last but not least, we have appreciated the help of two of our former students: Nienke Van Der Hoeven-Houtzagers for her help in copy-editing and Esther De Meijer for making sure the *how to* sections were clear.
