List of tables

TABLE 1.1	Summary of studies investigating academic discourse using Biber's (1988) Dimensions	14
TABLE 1.2	Summary of studies investigating academic Discourse through new multidimensional analyses	17
TABLE 1.3	Mean Dimension scores for essays across studies	22
TABLE 1.4	Summary of MD studies investigating university writing across university registers	23
TABLE 1.5	Summary of MD studies investigating university writing across disciplines	28
TABLE 2.1	Corpus of study	35
TABLE 2.2	Internal composition of the ETS corpus	36
TABLE 2.3	Internal composition of the British Academic Written English Corpus	37
TABLE 2.4	Internal composition of the corpus used in this study	37
TABLE 3.1	Characteristics of registers identified in MICUSP (Römer & O'Donnell, 2011, p. 170)	50
TABLE 3.2	Characteristics of registers identified in BAWE (Nesi & Gardner, 2012, pp. 36–42)	51
TABLE 3.3	Characteristics of registers identified in the ETS corpus	52
TABLE 3.4	Characteristics of registers identified in the BrAWE corpus (Goulart, 2021, p. 5)	53
TABLE 3.5	Shared registers in previous studies of university writing	56
TABLE 4.1	The framework of communicative purposes of university writing	68
TABLE 4.2	Distribution of communicative purposes in the corpus	71

TABLE 4.3	Minor purposes associated with each communicative text type	72
TABLE 4.4	Registers within the communicative text type of *to give a procedural recount*	74
TABLE 4.5	Registers within the Communicative text type of *to Argue*	77
TABLE 4.6	Registers within the communicative text type of *to explain*	81
TABLE 4.7	Registers within the communicative text type of *to propose*	84
TABLE 4.8	Registers within the communicative text type of *to compare*	87
TABLE 4.9	Registers within less frequent communicative text types	90
TABLE 5.1	Shared situational characteristics of university student writing	94
TABLE 5.2	Textual characteristics of communicative text types of university student writing	96
TABLE 5.3	The textual characteristics of communicative text types	99
TABLE 5.4	The textual characteristics of *to give a procedural recount* texts across disciplines	102
TABLE 5.5	The textual characteristics of *to argue* texts across disciplines	105
TABLE 5.6	The textual characteristics of *to explain* texts across disciplines	106
TABLE 5.7	The textual characteristics of *to propose* texts across disciplines	109
TABLE 5.8	The textual characteristics of *to compare* texts across disciplines	110
TABLE 5.9	Summary of textual and linguistic characteristics of university communicative text types	112
TABLE 6.1	Mean Dimension scores for Biber's (1988) Dimensions	117

TABLE 6.2	Summary of linguistic features included in the final factor analysis	121
TABLE 6.3	Structure of three-factor solution	123
TABLE 6.4	Distribution of communicative text types across disciplines in Dimension 1	130
TABLE 6.5	Distribution of communicative text types across disciplines in Dimension 3	143
TABLE 6.6	Comparison of Dimensions identified in studies of university and academic writing	147
TABLE 6.7	Summary of the three identified dimensions of university writing	150
TABLE 7.1	Summary of results of previous studies that described the linguistic characteristics of essays	154
TABLE 7.2	The subcorpus of essays	156
TABLE 7.3	Communicative text types within essays across disciplines	157
TABLE 7.4	Summary of most common combinations of communicative purposes across disciplines	166
TABLE 7.5	The textual characteristics of essays across disciplines	167
TABLE 7.6	Number of texts in each communicative text type	173
TABLE 7.7	Most frequent combinations of purposes across disciplines	175
TABLE 7.8	Dimension 1 score means and standard deviations for essay communicative purposes	178
TABLE 7.9	Dimension 2 score means and standard deviations for essay communicative purposes	180
TABLE 7.10	Dimension 3 score means and standard deviations for essay communicative purposes	183
TABLE 7.11	Summary of MD analysis results for the register of essays across disciplines	183

TABLE 8.1 Summary of textual and linguistic characteristics of university communicative text types **188**

TABLE 8.2 Combinations of communicative purposes across disciplines **191**

TABLE 8.3 Textual characteristics of university writing across disciplines **193**

TABLE 8.4 Co-occurrence of linguistic features in the MD analysis **195**

TABLE 8.5 Summary of MD analysis results across communicative text types and disciplines **196**

TABLE 8.6 Summary of the analysis of variation within essays **200**

TABLE 8.7 Mean Dimension scores across disciplines **202**

TABLE 8.8 Mean Dimension scores across text types **203**
