## Acknowledgments

I am greatly indebted to Michael Hoey for his invaluable guidance, inspiration and encouragement in carrying out the research for this book. I am also grateful to Tony McEnery and Mike Scott for their insightful comments on an earlier draft. My thanks go to the anonymous reviewer and Elena Tognini-Bonelli, the series editor, for all their advice. I would also like to thank Ulla Connor for her support and encouragement for my work over the years. Colleagues, Pansy Lam, Edward Li, Jacqui Lam McArthur and John Milton, have provided friendship, conversations and moral support over the past 15 years, for which I am very grateful.

Last, but not least, I wish to thank my husband John and my sons, Rupert and Humphrey, without whose constant support, encouragement and understanding this book might never have been written.
