CHAPTER 1
Introduction 1

CHAPTER 2
On binomials 7
2.1 Definition and terminology 7
2.2 Previous foci of research 10
2.3 The (ir)reversibility of binomials in previous research 14
2.4 Classifying binomials 16

CHAPTER 3
The (ir)reversibility of binomials in the English language: A corpus-based analysis 21
3.1 Corpus methodology 21
3.2 Binomials in the English language 23
3.2.1 General frequency in the corpus and collocative strength 23
3.2.2 Word class and register 28
3.2.3 Internal semantic structure and idiomaticity 34
3.3 The reversibility of English binomials 39
3.3.1 Corpus-based (ir)reversibility scores 39
3.3.2 Corpus correlates of binomial reversibility 45
3.4 Summary 58

CHAPTER 4
Ordering constraints and the reversibility of English binomials 61
4.1 Ordering constraints in previous works 62
4.1.1 Early proposals for constraints governing binomial order 62
4.1.2 Cooper and Ross's ordering constraints 64
4.1.3 Quantitative evaluations of ordering constraints 67
4.1.4 Experimental evaluations of ordering constraints 74

4.2 An empirical study into the predictive power of ordering constraints 77
4.2.1 Rationale 77
4.2.2 Ordering constraints considered 78
4.2.3 The influence of ordering constraints on binomial order 87
4.3 The relationship between ordering constraint adherence and binomial reversibility 98
4.4 Summary 107

CHAPTER 5
The diachronic development of binomials and binomial reversibility 109
5.1 Binomials in the history of English 109
5.2 Pathways of change in the development of binomial reversibility 115
5.2.1 Hypothesising pathways of change in binomial reversibility 115
5.2.2 An empirical corpus-based study of diachronic changes in binomial reversibility in Late Modern English 126
5.3 Summary 163

CHAPTER 6
Binomial reversibility in the mental lexicon: Native and non-native speakers' judgments of degrees of reversibility 165
6.1 Binomial reversibility in native-speaker judgments 167
6.1.1 Previous work on binomials in the native-speaker mental lexicon 167
6.1.2 Native-speaker judgments: Rationale and methodology 172
6.1.3 Native-speaker judgments: Convergence and divergence of corpus and judgment results 177
6.2 Binomial reversibility in non-native-speaker judgments 192
6.2.1 Previous work on binomials in the non-native-speaker mental lexicon 192
6.2.2 Non-native-speaker judgments: Rationale and methodology 195
6.2.3 Non-native-speaker judgments: Convergence and divergence of native-speaker and non-native-speaker intuitions 198
6.3 Summary and outlook 212

CHAPTER 7
Conclusion 215

Appendix: Binomials analysed 223
