In Search of Basic Units of Spoken Language

Studies in Corpus Linguistics (SCL)

ISSN 1388-0373

SCL focuses on the use of corpora throughout language study, the development of a quantitative approach to linguistics, the design and use of new tools for processing language texts, and the theoretical implications of a data-rich discipline.

In memory of Wallace Chafe, a master to us all

The larger goal is to achieve a better understanding of everything that makes us human, based on an awareness that language is a primary ingredient of humanness. It is exciting to realize the power of linguistics to shed light in so many ways on the richness of human experience.

(Wallace Chafe, "Searching for Meaning
in Language: A Memoir," *Historiographia
Linguistica* XXIX [2002]: 259)
