ISSN 1879-5382

The *Studies in Chinese Language and Discourse* book series publishes works of original research on Chinese from a linguistic, cognitive, socio-cultural, or interactional perspective. We welcome contributions based on systematic documentation of language structure which displays fresh data and analysis from such areas as corpus linguistics, grammaticalization, cognitive linguistics, sociolinguistics, discourse and grammar, conversation analysis, and typological and comparative studies. Both monographs and thematic collections of research papers will be considered.
