As a companion to the journal *Historiographia Linguistica* “Studies in the History of the Language Sciences” (SiHoLS) is a series of book-length scholarly works in the history of linguistic thought. Although its emphasis is on the Western tradition from antiquity to the modern day, it also includes, and welcomes, studies devoted to non-Western traditions. It comprises monographs, selective volumes, and research bibliographies.

A complete list of titles in this series can be found on
