## ACKNOWLEDGEMENTS

We wish first of all to express our gratitude to E.F.K. Koerner, the editor of this series, for his advice and encouragement at various stages in the preparation of this volume. Among those who helped us in our editorial work, we would like to make special mention of Eva Picardi and Joachim Schulte. Finally, we must thank all the contributors for their patience and cooperation during the preparation of the final version of their papers.

The typesetting of the present volume received financial support from the M.P.I. (Ministero della Pubblica Istruzione). Moreover, the M.P.I. and the C.N.R. (Consiglio Nazionale delle Ricerche) made funds available to organize the lectures and conference held at Bologna University in 1984, where the papers included here were first presented.
