## Acknowledgments

The present book contains the proceedings of the Conference on *Connexity and Coherence* held at the Centro Internazionale di Semiotica e Linguistica in Urbino (Italy) from July 16 to 21, 1984.

The organizers and editors of this volume wish to express their gratitude to the Centro and to its Secretary General, Professor Giuseppe Paioni, for their support, without which this conference and this volume, a representative panorama of the state of the art in this research field, would not have been possible.
