From August 17–21 1999 an international expert meeting on precursors of functional literacy took place in Nijmegen, The Netherlands. The meeting was organized by Ludo Verhoeven (University of Nijmegen), Carsten Elbro (University of Copenhagen) and Pieter Reitsma (Peadologisch Instituut — Free University Amsterdam), and funded by the Dutch National Science Foundation (NWO), and the Faculty of Social Sciences of the University of Nijmegen. A selection of papers being presented is now integrated into a single academic reference, after being edited and updated. The editors wish to thank all contributors to this volume for redrafting their original papers, Caroline van der Laan for her editorial assistance, and the funding agencies for their support.
