## ACKNOWLEDGEMENTS

This volume was originally intended to represent the proceedings of an International Symposium on Switch-Reference, which was held at the University of Manitoba May 8 to May 10, 1981. A number of the papers which were read at that symposium (by Peter Austin, Margaret Langdon, Steven Marlett, Sally McLendon, and H.C. Wolfart) did not reach the editors in time for publication; of the papers which are included here, those by Talmy Givón, Jeffrey Heath, John Lynch, and Johanna Nichols were not read at the original gathering.

The editors of this volume, who were also the conveners of the symposium, wish to thank, for their extremely generous support:

The National Science Foundation of the U.S.A.

The Social Sciences and Humanities Research Council of Canada

The Faculty of Arts

The Office of Research Administration
