

## LIST OF GRAPHS

### Graphs of Chapter 2: The Iron Age I

- |           |  |     |           |   |     |
|-----------|--|-----|-----------|---|-----|
| Graph 2.1 | Percentage distribution of the rim sherds in different types of vessels in Stratum 13 .....                                      | 326 | Graph 2.4 | Percentage distribution of fabric groups in Stratum 14 (reduced version) .....                          | 332 |
| Graph 2.2 | Percentage distribution of the different jar types according to the criteria from Tall al-Ḥiṣn (Beth Shean) in Stratum 13 .....  | 328 | Graph 2.5 | Percentage distribution of ware categories among the different types of vessels in Stratum 14 .....     | 333 |
| Graph 2.3 | Percentage distribution of the different bowl types in Stratum 13 of Tall Zirā'a according to the criteria in footnote 151 ..... | 329 | Graph 2.6 | Number and percentage of ceramic discs and their distribution among the different ware categories ..... | 347 |

### Graphs of Chapter 3: The Iron Age II

- |            |  |     |            |  |     |
|------------|--|-----|------------|--|-----|
| Graph 3.1  | Percentage distribution of rim sherds among the different types of vessels in Strata 12 and 11 .....                                   | 722 | Graph 3.6  | Percentage of ceramic discs and their distribution among the different ware categories .....                                     | 744 |
| Graph 3.2  | Percentage distribution of the different jar types according to the criteria from Tall al-Ḥiṣn (Beth Shean) in Strata 12 and 11 .....  | 724 | Graph 3.7  | Percentage distribution of rim sherds across the different types of vessels in the Stratum 10 .....                              | 829 |
| Graph 3.3  | Percentage distribution of the different bowl types in Strata 12 and 11 of Tall Zirā'a according to the criteria in footnote 218 ..... | 725 | Graph 3.8  | Percentage distribution of the different jar types according to the criteria from Tall al-Ḥiṣn (Beth Shean) in Stratum 10 .....  | 831 |
| Graph 3.4  | Percentage distribution of fabric groups in Strata 12 and 11 (reduced version) .....   | 726 | Graph 3.9  | Percentage distribution of the different bowl types in Stratum 10 of Tall Zirā'a according to the criteria in footnote 278 ..... | 831 |
| Graph 3.5a | Percentage distribution of ware categories among the different types of vessels in Stratum 12 .....                                    | 727 | Graph 3.10 | Percentage distribution of fabric groups in Stratum 10 (reduced version) .....   | 832 |
| Graph 3.5b | Percentage distribution of ware categories among the different types of vessels in Stratum 11 .....                                    | 728 | Graph 3.11 | Percentage distribution of ware categories among the different vessel types in Stratum 10 .....                                  | 834 |

## Graphs of Chapter 5: Typology of Cooking Pots from the Iron Age

Graph 5.1	Percentage allocation of Iron Age cooking pot sherds with handles among the strata .....	948	Graph 5.6	Percentage of cooking pot sherds of Types IA 3a and IA 3b among all typologised cooking pot sherds in the indicated strata (Strata 9 to 0 include cooking vessels of the Classical and post-Classical periods) .....	955
Graph 5.2	Percentage allocation of Iron Age cooking pot sherds to the different types .....	952	Graph 5.7	Percentage of cooking pot sherds of Types IA 4, IA 5, and IA 6 among all typologised cooking pot sherds in the indicated strata (Strata 9 to 0 include cooking vessels of the Classical and post-Classical periods) .....	955
Graph 5.3	Number of cooking pot sherds Type IA 1 to IA 6 in the strata with the highest incidence .....	953	Graph 5.8	Percentage of cooking pot sherds of Types MB/LB 1, LB 1, and IA 1 to 6 among all typologised cooking pot sherds in the Late Bronze Age to Late Iron Age strata .....	971
Graph 5.4	Percentage distribution of cooking pot sherds of Types IA 1 to IA 6 among the strata .....	953	Graph 5.9	Percentage distribution of Types MB/LB 1, LB 1, and IA 1 to 6 among the strata of the Late Bronze Age to Late Iron Age .....	971
Graph 5.5	Percentage of cooking pot sherds of Types IA 1 and IA 2 among all typologised cooking pot sherds in the indicated strata (for Strata 9 to 0, cooking vessels of the Classical and post-Classical periods are included) .....	954			
Graph 5.5a	Detail: Percentage of cooking pot sherds of Types IA 2a–d among all typologised cooking pot sherds in the indicated strata .....	954
