

FIGURES AND TABLES

FIGURES

I.1	Top 1 percent income share in the United States (per year) and references to “income inequality” (three-year moving averages), 1970–2008	3
1.1	General form of the social structure of agrarian societies	46
3.1	Inequality trends in Europe in the long run	87
3.2	Gini coefficients of wealth distribution in Italy and the Low Countries, 1500–1800	98
3.3	Ratio of mean per capita GDP to wages and real wages in Spain, 1277–1850	99
3.4	Inequality trends in Latin America in the long run	104
3.5	Inequality trends in the United States in the long run	110
4.1	Top income shares in Japan, 1910–2010	116
5.1	Top 1 percent income shares in four countries, 1935–1975	131
5.2	Top 0.1 percent income shares in Germany and the United Kingdom	132
5.3	Top 1 percent wealth shares in ten countries, 1740–2011	139
5.4	Ratios of private wealth to national income in France, Germany, the United Kingdom, and the world, 1870–2010	140
5.5	Capital income share in total gross income for top 1 percent of incomes in France, Sweden, and the United States, 1920–2010	141
5.6	The share of government spending in national income in seven countries, 1913–1918	142

5.7	Top marginal tax rates in nine countries, 1900–2006	144
5.8	Average top rates of income and inheritance taxation in twenty countries, 1800–2013	145
5.9	World War I and average top rates of income taxation in seventeen countries	146
5.10	Top 1 percent income share in Germany, 1891–1975	151
5.11	Top 1 percent income share in Sweden, 1903–1975	160
5.12	State marginal income tax rates in Sweden, 1862–2013	161
5.13	Trade union density in ten OECD countries, 1880–2008	167
6.1	Military size and mobilization rates in years of war in great power states, 1650–2000	175
6.2	Gini coefficients of income and top 0.01 percent income share in Spain, 1929–2014	205
9.1	Median house sizes in Britain from the Iron Age to the Early Middle Ages	268
9.2	House size quartiles in Britain from the Iron Age to the Early Middle Ages	268
9.3	Gini coefficients of house sizes in Britain from the Iron Age to the Early Middle Ages	269
10.1	Real wages of urban unskilled workers in Europe and the Levant, 1300–1800	301
10.2	Real wages of urban skilled workers in Europe and the Levant, 1300–1800	302
10.3	Rural real wages measured in terms of grain in England, 1200–1869	303
10.4	Top 5 percent wealth shares and Gini coefficients of wealth distribution in the cities of Piedmont, 1300–1800	307

10.5	Gini coefficients of wealth in Poggibonsi, 1338–1779	309
10.6	Top 5 percent wealth shares in Tuscany, 1283–1792	309
10.7	Top 5 percent wealth shares and Gini coefficients of wealth distribution in Lucca, 1331–1561	310
11.1	Real wages expressed in multiples of bare-bones consumption baskets in central Mexico, 1520–1820	317
11.2	Daily wheat wages of unskilled rural and urban workers in Egypt, third century BCE to fifteenth century CE	323
11.3	Changes in real prices and rents between 100–160s and 190s–260s CE in Roman Egypt	328
11.4	Wealth inequality in Augsburg: number of taxpayers, average tax payments, and Gini coefficients of tax payments, 1498–1702	337
13.1	Gross National Income and Gini coefficients in different countries, 2010	371
13.2	Estimated and conjectured income Gini coefficients for Latin America, 1870–1990 (population-weighted averages for four, six, and sixteen countries)	382
14.1	Counterfactual inequality trends in the twentieth century	400
15.1	Top 1 percent income shares in twenty OECD countries, 1980–2013	408
A.1	Inequality possibility frontier	446
A.2	Estimated income Gini coefficients and the inequality possibility frontier in preindustrial societies	448
A.3	Extraction rates for preindustrial societies and their counterpart modern societies	449
A.4	Inequality possibility frontier for different values of the social minimum	451
A.5	Different types of inequality possibility frontiers	455

TABLES

2.1	The development of the largest reported fortunes in Roman society and the population under Roman control, second century BCE to fifth century CE	72
5.1	The development of top income shares during the world wars	133
5.2	Variation in the rate of reduction of top 1 percent income shares, by period	135
6.1	Property in 1870 relative to 1860 (1860 = 100), for Southern whites	178
6.2	Inequality of Southern household incomes	179
8.1	Income shares in France, 1780–1866	237
11.1	Share and number of taxable households in Augsburg by tax bracket, 1618 and 1646	340
15.1	Trends in top income shares and income inequality in select countries, 1980–2010	406
