

Acknowledgments

It is an honor to have worked with the contributing authors of this edited collection. Each has brought unique insights to the topic and expression of ethnography. At the close of individual chapters many of the contributors, including myself, have acknowledged the assistance of those who have helped them in one way or another with their specific chapter. With respect to the book in its entirety, I would like to acknowledge the professional and ever so pleasant assistance I received from both Diana Cable and Kim Sole in the word processing of this collection. I am also indebted to Lani Blackman, copyeditor and Kelli M. Williams, production editor. Finally, I would like to thank my editor at State University of New York, Priscilla Ross.
