A brief introduction to Madagascar	8
About this book	9
Map of Madagascar showing biogeographic zones and most visited natural sites	10
Biogeographic zones of Madagascar	12
How to use this book	26
MAMMALS	30
CHEIROGALEIDAE:	
Mouse lemurs	32
Dwarf lemurs	34
Giant mouse and fork-marked lemurs	36
LEPILEMURIDAE:	
Sportive lemurs	38
LEMURIDAE:	
Bamboo lemurs	40
Ring-tailed Lemur	44
Northern brown lemurs	46
Widespread brown lemurs	48
Distinctive <i>Eulemur</i> species of the north and west	50
Ruffed lemurs	52
Woolly lemurs	54
INDRIIDAE:	
Western sifakas	56
Eastern sifakas	58
Local sifakas	60
Indri	62
DAUBENTONIIDAE:	
Aye-aye	64
EUPLERIDAE:	
Malagasy carnivorans	66
Fosa	68
CHIROPTERA:	
Bats	70
TENRECIDAE:	
Tenrecs	74
NESOMYIDAE:	
Rodents	78
CETACEA:	
Marine mammals	80

BIRDS	82
Ducks and grebes	84
Gamebirds	86
Hérons	88
White egrets	92
Compact herons and Hamerkop	94
Larger raptors	98
Smaller raptors	100
Shy birds of the forest floor	102
Rails and jacana	104
Plovers	106
Smaller, plainer sandpipers	110
Larger, more distinctive sandpipers	112
Endemic pigeons	114
Aquatic oddities	114
Terns	116
Birds of the sea	118
Doves and pigeons	120
Endemic pigeons	122
Parrots	124
Cuckoos	126
Couas of the dry west & southwest	128
Couas of the wet east & north	130
Owls	132
Nightjars	134
Aerial feeders	136
Kingfishers and bee-eater	138
Hoopoe and roller	140
More common rainforest ground-rollers	142
Scarcer rainforest ground-rollers	144
Long-tailed Ground-roller and Cuckoo-roller	146
Asities	148
Common open-country birds	150
Widespread songbirds	152
Robin-like birds	154
Warblers that live close to the ground	156
Forest canopy warblers	160
Bernierids	162
Sunbirds and white-eye	164
Common and widespread vangas	166
Typical vangas	168
Strange vangas	170
Large vangas	172
Dark-headed vangas and cuckoo-shrike	174
Mid-sized dark birds	176
Weavers	178

REPTILES	180
Tortoises and terrapins	182
Sea turtles and crocodile	184
Tiny leaf chameleons of the north	186
Widespread medium to large leaf chameleons	188
The largest chameleons on earth	190
Common chameleons of degraded areas	192
Eastern rainforest chameleons: small	194
Eastern rainforest chameleons: medium to large	196
Chameleons of the north	200
Chameleons of the west	204
Swifts I: west and southwest	208
Swifts II: rock-dwelling swifts of the southwest	210
Plated lizards I: species without strong stripes on back	212
Plated lizards II: species with strong stripes on back	214
Skinks I	216
Widespread day geckos	220
Day geckos of the north	222
Day geckos of the west, south and centre	224
Dwarf geckos	226
Small nocturnal geckos	228
Large nocturnal geckos	230
Leaf-tailed geckos I: leaf-like and dry bark-like species	232
Leaf-tailed geckos II: mossy bark-like species	234
Malagasy boas	238
Distinctive snakes	240
Common and widespread snakes	242
Rainforest snakes	244

FROGS	246
Ridged frog and reed frogs	248
Distinctive terrestrial microhylids	250
Arboreal microhylids	252
Mantellas I: species with orange	254
Mantellas II: green-and-black species	256
Small to medium bright-eyed frogs	258
Medium to large bright-eyed frogs	262
Various arboreal mantellids	266
Various terrestrial mantellids	268
Bridge frogs	270
Madagascar frogs: plain species	274
Madagascar frogs: more distinctive species	278

INVERTEBRATES

Invertebrates: distinctive species	282
Butterflies: swallowtails	286
Butterflies: pierids	292
Butterflies: metalmarks and lycaenids	396
Butterflies: orange nymphalids	398
Butterflies: various nymphalids (emperors, commodore and pansy)	304
Butterflies: pansies	306
Butterflies: black-and-white nymphalids	308
Butterflies: satyrs	312
Butterflies: skippers, and moths	314

PLANTS

Iconic plants	316
Baobabs	320

Glossary of terms	324
Further reading and useful resources	327
Acknowledgements and photo credits	328
Index	332
