

ACKNOWLEDGEMENTS

The editors want to thank Edinburgh University Press for making this collection possible. In particular, Leslie Gillian, Linda Badley and Barton Palmer deserve our gratitude for their hard work on the manuscript during its various stages. Johan Höglund wishes to thank the Linnaeus University Centre for Concurrences in Colonial and Postcolonial Studies which sponsored research trips and provided a forum for discussion of the project, his wife Cecilia for her love and support, and his children David and Agnes for all the joy they give.
