The *International African Library* is a major monograph series from the International African Institute and complements its quarterly periodical *Africa*, the premier journal in the field of African studies. Theoretically informed ethnographies, studies of social relations 'on the ground' which are sensitive to local cultural forms, have long been central to the Institute's publications programme. The *IAL* maintains this strength but extends it into new areas of contemporary concern, both practical and intellectual. So it includes works focused on problems of development, especially on the linkages between the local and national levels of society; studies along the interface between the social and the environmental sciences; and historical studies, especially those of a social, cultural or interdisciplinary character.

Titles in the series:

- 1 Sandra T. Barnes *Patrons and power: creating a political community in metropolitan Lagos**
- 2 Jane I. Guyer (ed.) *Feeding African cities: essays in social history**
- 3 Paul Spencer *The Maasai of Matapato: a study of rituals of rebellion**
- 4 Johan Pottier *Migrants no more: settlement and survival in Mambwe villages, Zambia**
- 5 Günther Schlee *Identities on the move: clanship and pastoralism in northern Kenya*
- 6 Suzette Heald *Controlling anger: the sociology of Gisu violence*
- 7 Karin Barber *I could speak until tomorrow: Oriki, women, and the past in a Yoruba town*†

* Published in the USA by Indiana University Press

† Published in the USA by the Smithsonian Institution
