

## **Note on Sources**

Quotations from written and oral sources in French have been translated into English by the author. Following an institutional review board protocol for the protection of human subjects, I refer to interviewees anonymously throughout the book with the use of pseudonyms. Exceptions include public figures or authorities who provided consent for attribution. Research for this study was approved by the Massachusetts Institute of Technology Committee on the Use of Humans as Experimental Subjects (COUHES), Protocol # 1606619582 and 1606619582A001.
