

Acknowledgments

Thank you to all the people in comedy who took the time to think with me and talk with me about your lives and your work. Special thanks to those of you who trusted me and helped me find my way deeper into the worlds you inhabit. To those of you who let me sleep on couches and stay an extra night during research trips. To a small group of readers who read unfinished work and gave me notes and encouragement: Jennifer Lena, Ben Reiter, and Charles Finch.

Thank you, Yoon Sun Lee, for supporting me in every facet of my job at Wellesley College. Thank you to Andrew Shennan and the provost's office at Wellesley for funding much of this work.

Thank you, Kate Wahl and Jenny Gavacs, for your support and dedication from the time this book was a proposal to the time it was printed.

I can write only because I am loved. Thank you, Sarah, Keira, Alex, Mom, Dad, David, Julia, and all the rest of my friends and family. I love you.
