This volume marks the end of our editorship of the *International Political Economy Yearbook*, and we would like to dedicate it to the scores of people whose efforts contributed so much to the quality and breadth of each of the five projects we have overseen:

The contributors to these volumes

The members of our editorial board who served as first-line reviewers of abstracts and as referees of completed submissions

The many other experts we called upon to be outside referees for each of the chapters submitted for inclusion

Our guest editors, Valerie Assetto and Dimitris Stevis, whose volume on environmental politics is a valued contribution to the series

The external reviewers for Lynne Rienner Publishers

Our editorial assistants: Beate Gersch, Kendra Alvarez, Amy Nordlander, Roel Ramos, Beatrice Bachmann, and Linda Walkden

Our spouses and children, who have been so patient, supportive, and tolerant of so many demands and distractions

Collective projects rely on enormous amounts of often—and necessarily—anonymous labor, and we are grateful to every one of you for all you have done for us.
