

A COMPANION TO THE CAVENDISHES

Companions

Arc Humanities' Reference Works bring together the best of international research in authoritative edited collections that have enduring benefit to scholars and students alike. Topics are carefully selected to stand the test of time and, in the best cases, these works are consulted for decades. The program includes historical, textual, and material source books, readers for students that collate and curate required essays for courses, and our Companions program.

Arc's Companions program includes curated volumes that have a global perspective and that earn their shelf space by their authoritative and comprehensive content, up-to-date information, accessibility, and relevance. As well as providing an overview of the topics, contributing authors are encouraged to challenge the status quo and recognize contentious issues and cutting-edge concerns. The Companions acknowledge diversity and inclusivity and open students up to the idea that research is evolving, debatable, and contested and not always definitive.
