

BREAKING ROCKS

DISLOCATIONS

General Editors: August Carbonella, *Memorial University of Newfoundland*, Don Kalb, *University of Utrecht & Central European University*, Linda Green, *University of Arizona*

The immense dislocations and suffering caused by neoliberal globalization, the retreat of the welfare state in the last decades of the twentieth century, and the heightened military imperialism at the turn of the twenty-first century have raised urgent questions about the temporal and spatial dimensions of power. Through stimulating critical perspectives and new and cross-disciplinary frameworks that reflect recent innovations in the social and human sciences, this series provides a forum for politically engaged and theoretically imaginative responses to these important issues of late modernity.
