

ACKNOWLEDGEMENTS

WE WOULD LIKE to thank David Matthews for suggesting that we should bring out this volume, and Nani'kiele Cruz for reading parts of early drafts and suggesting new directions. Our great thanks go to Anna Henderson, who helped us edit this collection at various stages of our work.

Finally, Laurel Ryan would like to express her immense gratitude to Em Kightley for her unflagging support, especially during the difficult time in which this book took shape.

Anna Czarnowus and Laurel Ryan
