

BORDER-STRADDLING HERITAGES

Explorations in Heritage Studies

Series Editors:

Ali Mozaffari, *The University of Melbourne*

David Charles Harvey, *Aarhus University*

Explorations in Heritage Studies responds directly to the rapid growth of heritage scholarship and recognizes the trans-disciplinary nature of research in this area, as reflected in the wide-ranging fields, such as archaeology, geography, anthropology and ethnology, digital heritage, heritage management, conservation theory, physical science, architecture, history, tourism and planning. With a blurring of boundaries between art and science, theory and practice, culture and nature, the volumes in the series balance theoretical and empirical research, and often challenge dominant assumptions in theory and practice.
